

Webinar Recording

Invest in the essential: healthcare & biotechnology

This webinar focuses on the global healthcare sector and biotechnology industry, the impact of COVID-19, long term growth and innovation, and how to use it in your portfolio.

In this webinar, we discussed:

- What biotechnology is and how it is different from broad healthcare
- Why investors should look outside Australia to the US
- How biotechnology is being used to fight COVID-19
- What the future of biotechnology and healthcare look like
- Volatility and how to allocate to biotechnology in your portfolio
